Reminder to all NPHA tenants:

I know it seems a bit early, but the possibility of winter weather is just around the corner, it will be here sooner than we want. Take a few minutes and walk around the outside of your home, if you find anything that needs to be repaired before the winter hits, call the office @ 402-379-8224. It is much easier to work on repairs now, rather than in a snow storm.

THANK YOU FOR YOUR COOPERATION

The likelihood of COVID-19 being spread on shoes and infecting individuals is very low.

Can shoes spread the COVID-19 virus?

As a precautionary measure, particularly in homes where infants and small children crawl or play on floors, consider leaving your shoes at the entrance of your home.

This will help prevent contact with dirt or any waste that could be carried on the soles of shoes.

Tip: Keep a can of Lysol by your main entry way. Spray your shoes with Lysol every time you leave the house and do not wear shoes in the house.

With school being back in session, below are some examples of social distancing greetings. It is also recommended to wear a mask, when visiting anyone not in your household, or if you must be out in public.
